CAN'T SPEAK NOUNS

Trolley Car Accident Has a Peculiar Effect.

NEW YORK, Oct. 10.—Physicians at Plainfield, N. J., are much puzzled over the case of Garrett T. Dunham, who was thrown from a trolley car several days ago, landing on his head. Dunham is now apparently as well as ever, except that he is unable to pronounce nouns. He has no difficulty with verbs, but when he attempts to name objects he is at a loss.

Mr. Dunham's case, according to an expert, is extremely rare—paralysis of the brain directly over the left ear.

Specialists say that a similar case was reported a year ago, in which the victim would describe a knife as something to cut with, or a glass as something to drink from, but could not name either article.

A. Judicious Inquiry.

A well-known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all leading druggists.

RHEUMATISM AN INSIDIOUS DISEASE THAT BREAKS DOWN THE STRONGEST

Rheumatism does not come on in a day; the disease becomes entrenched in the system for years. This insidious disease becomes entrenched in the blood, and some exposure to cold or damp weather, or slight indiscretion brings on an attack. Poor digestion, stomach troubles, weak kidneys, torpid liver, and a general sluggish condition of the system are responsible for Rheumatism. Food souring in the stomach poisons the blood, the failure of the kidneys and liver to act properly leaves waste matter and impurities in the system, which, coming in contact with the natural acids of the body, form uric acid. This is absorbed by the blood, and as it penetrates to the muscles, nerves and bones produces the terrible pains and aches and other disagreeable symptoms of Rheumatism. Life is made a torture by its excruciating pains, nerves are shattered, the health undermined, and if the disease is not checked it breaks down the strongest constitution. It will not do to depend on plasters, liniments, etc.; such treatment is helpful in easing the pain and reducing the inflammation, but does not reach the blood where the real trouble is located. S. S. S. cures Rheumatism by purifying and invigorating the thin, acid blood, driving out all impurities and poisons and sending a stream of strong, rich blood to wash out all irritating particles that are causing the pain and inflammation. S. S. S. stimulates the sluggish organs to better action, tones up the stomach and digestion, restores nervous energy and builds up the entire health. S. S. S. cures Rheumatism, whether acute or chronic, and the cure is thorough and lasting. Book on Rheumatism and any medical advice desired without charge.

BLOW THE TRUMPET IN ZION

It appears that there is some little excitement and agitation among the people of Utah over the sensational revelation which appeared in The Tribune on October 10, more especially as the people have been assured so emphatically by their leaders that "all is well in Zion, yea, Zion prospers; all is well."

The church leadership has accused John H. Scott of destroying the work of God. Now, this is strange, since they told the people at the conference that the work of God cannot be frustrated. Perhaps the Mormon leaders have mistaken the work of God and the work of the devil for the work of God. They have yet to learn the difference.

The church authorities have in a veiled way been giving the people to understand that Mr. Scott's work was not the work of God, but the work of the devil, and that they should be so blasphemous.

I think that it would be advisable for the Mormon church authorities to call a solemn assembly of all their followers next Sabbath at 2 p. m. in the Tabernacle and let them blow the trumpet in Zion, and call a solemn fast day, that God may sustain them by his wisdom, that their works be not frustrated, and that they do not continue to be a laughing stock to the world, for they profess to believe in revelation.

You Latter-day Saints have sustained these men to lead you to another world. Do you really think they can do it when they have no power over the people? Let them blow the trumpet in Zion, and call a solemn fast day, that God may sustain them by his wisdom, that their works be not frustrated, and that they do not continue to be a laughing stock to the world, for they profess to believe in revelation.
